To Whom it may concern,

I would like to inform you of the organization titled, "The Creativity Collective." I have known this young and building union of remarkably talented people for over a year now and have watched them grow with a noteworthy dedication to the goals that they have set before themselves.

They have drawn together individuals with interests in all the mediums of art, communications, music, theater, film, video and more. They are currently striving to coordinate an up coming event entitled, "Art With A Heartbeat." This endeavor will bring together parties of all creative interests for what will be an unsurpassed gathering of it's kind in Southern Oregon and Northern California.

It is with my most earnest hope that you can and will support this project that will touch the lives of the many people who attend the event and in turn those people attending will leave the event and spread their newly found insights and knowledge with a broader understanding of the Arts to the world around us.

Sincerely,
